

INFOSEC 2021

HYBRID EDITION

13TH INTERNATIONAL INFORMATION SECURITY CONFERENCE & EXHIBITION

08 JULY, 2021
PC HOTEL, KARACHI

I am pleased to share that InfoSec 2021 - 13th International Information Security Conference & Exhibition is scheduled for July 08, 2021. This Conference will be hosted by TOTAL Communications, in association with IBA & ISACA.

Your will agree with me that electronic information and automated systems are essential to virtually all-major organizations, especially those aspiring to electronic commerce, Governance and Law Enforcement. Despite the enormous dependence on electronic information and systems, audits and penetration test continue to disclose serious information security weaknesses. As a result, vast amount of sensitive data are at risk of inappropriate disclosure, and critical computer-based operations are vulnerable to serious disruptions.

Pakistan too is becoming digital at a rapid pace along with the world. Organizations are converting from manual to digital and those already using digital power are going towards paperless environment. Data has now become the most critical and precious asset of almost all organizations. Top level management of organizations has now realized the importance of data and, as such, securing the data has become top most priority of many organizations.

InfoSec is the only high profile forum of Pakistan on Information Security. Around 500 senior executives from financial sector, telecom industry, armed forces, intelligence agencies, key government ministries, foreign missions, utilities sector, major manufacturing concerns etc. are expected to join the conference.

We feel this is an excellent opportunity for your organization to project its corporate image before a very meaningful target audience. Below is the participation package for your consideration.

An earliest confirmation will ensure better placement in the conference.

I look forward to hear from you.

Kind Regards,

FAISAL RAHIM

Chief Executive | TOTAL Communications
